REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The examiner agrees with applicants' argument concerning the 35 USC § 112 first paragraph rejection that the conditions in claim 5 are in the specification. He also agrees with applicants' argument concerning the two art rejections. The Mitsugi, et al. reference is not enabling because the strain has been withdrawn from the depository and the stain mentioned in Boyer, et al. was assayed as disclosed in the Nielsen declaration and no alpha amylase activity was found.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
